

Anand Maheshwari  
President – Strategic Initiatives,  
RvaluE

Anand Maheshwari is a meritorious Chartered Accountant and also a Company Secretary, and comes with over 3 decades of extensive work experience with a blend of senior management and entrepreneurial roles, within India and UK.

His experience includes controllership / CFO responsibilities, business and finance leadership across a variety of domains of Offshoring & Domestic Business Services, Financial Services, Oil, Petrochemicals and Chemicals, IT and related services.

Anand has worked in corporations like Jubilant Organosys, Kanorias, American Express and Venture Infotek, and over the last 10 years, Anand has been a serial entrepreneur, co-founder for Intrust Global eServices in Business Services, Chairman of Suprawin Technologies and then co-promoted Pegasus Oil & Gas Services. He was instrumental in setting up the first-ever Global In-house Captive (GIC) Financial Center of American Express in India in mid-90s as Shared Services for F & A and Operations processes. He has worked with large global organizations like Solvay Business Services in Europe, and many others in UK & USA. He deploys his M&A expertise in enabling companies to buy/sell business services operations and derive/deliver 'value exchange' to client corporations.

Anand has handled multi billion dollars' business transactions, pioneered transitions of finance and operations processes, led multiple global projects like Y2K and BPR, bringing huge cost saves and value to various stakeholders, and was deputed to UK on a global assignment.

In his current role, Anand brings proven strategic execution capabilities, stakeholder collaboration and people management skills and focus on coaching and mentoring leaders. While detail oriented, he has an excellent strategic oversight and has a keen mind that breaks down complex issues into manageable chunks. He brings insight, global experience, expertise and a sense of humor to engagement, enabling him to collaborate well with clients, associates and colleagues.
